

March 28, 2008

Dear Fellow Members of the EMS Community:

The dedication and constant effort that it takes to excel as a pre-hospital caregiver is frequently overlooked. As a token of appreciation for hard work, community service, and your impact on patient care, you are cordially invited to take a cruise on the Belle of Louisville.

The cruise is sponsored by Air Methods, STATCARE's new owner and operator, and will be held on **Wednesday, May 14, 2008**. This date was chosen in honor of EMS week. The cruise will depart at 7:30 p.m. EDT and boarding will begin at 7:00 p.m. EDT. We would like you to help us pack the boat to its capacity of 650! This is a first-come, first-served event, please come early. In the past we have never reached capacity.

This is a free event to our EMS community that includes a cruise down the Ohio River, food, non-alcoholic beverages, and music. The non-alcoholic beverages, pizza and snacks will be provided to you free as a token of our appreciation. There will be a cash bar. This is an adult orientated cruise, so please no children. In order to show our appreciation to the greatest number of EMS personnel, please give this invitation the widest distribution. We have enclosed a flyer to post along with a sign-up sheet for those interested. You may fax the sign-up sheet back to STATCARE at (502)-479-9151 at your convenience. Although this is a first-come first-serve event, you will be getting a call or fax from an Air Methods crewmember by May 7th as a reminder to return your sign up sheet to get an estimate of the number of people attending from your service.

Once again, Air Methods appreciates and supports your efforts throughout the year! This cruise is just one small way to express that gratitude. If you have any questions about the cruise, please feel free to contact me at asimpson@airmethods.com. We look forward to seeing you aboard the Belle and introducing you to our new Air Methods family!

Sincerely,

Allison Simpson
STATCARE/Air Methods Outreach Coordinator
